## Work Experience

## Projects & Contributions

### Angry Miner TG Bot

*Crypto mining project that allows withdrawals before airdrop*

- ♦ Moderated and kept Telegram chats active and spam-free

- ♦ Helped onboard users and maintain a healthy, hyped atmosphere
-  [Chat Link](#) Still working with them, but the project is on freeze at the moment.
- 

## **FASQON**

*Secure multi-currency app with AI fraud protection and unique IBANs*

- ♦ Managed and moderated community chats
- ♦ Engaged members with polls, updates, and daily GMs
- ♦ Assisted with partnership announcements and community campaigns

 [Chat Link](#) (URL placeholder – update if needed)

---

## **KOLO**

*Hybrid wallet + global crypto card for seamless fiat and crypto payments*

- ♦ Community management and chat moderation
- ♦ Helped maintain a lively and friendly environment

Currently not working with them anymore, they shifted community management to their support team after launching their card.

---

## **DeXe Protocol**

*Decentralized DAO governance & social trading platform*

- ♦ Maintained respectful and on-topic community discussions
- ♦ Flagged and managed scam attempts and spam

Currently not working with them at the moment

---

## **Truth Network**

*Decentralized prediction market on Polkadot*

- ♦ Hyped community during prediction events
- ♦ Managed group dynamics and spam control
- ♦ Helped drive engagement and AMA participation

Currently not working with them, they terminated the community moderation role in their community.
